## How We Work

You know your needs best. We work with you to determine what support you need to access abortion care. This can include providing emotional and logistical support and/or covering the costs of the abortion, travel, lodging, and/or childcare.

## Steps for Support

- 1 Make an appointment for your abortion (see other side for clinic info).
- 2 Fill out our application for support (QR Code above).
- 3 If you want support with Steps 1 or 2, let us know: we can help!
- 4 We'll review your application, confirm your appointment with the clinic, and work with you to determine what kind of financial support you need (usually within 48 hours of receiving your application).
- 5 Depending on your needs, we cover the procedure cost directly (no need for you to worry about it!) and disburse other financial aid if needed.
